3. RESPONSIBILITY:

a. Initial Visiting List: This list will be prepared by Unit Staff (Correctional Counselor) after discussing the proposed list with the inmate and receiving necessary documents for verification.

1. Immediate family members will ordinarily be approved immediately if there is adequate supporting documentation in the inmate's Pre-sentence Investigation.

2. Inmates will send a Visitor Information Form (BP629) to their family, friends, and associates the inmate desires to have added to his visiting list. The Visiting Information Form must be returned from the visitor directly to the Unit Staff. Unit Staff will review the returned Visiting Information Form and verify the inmate must have known the proposed visitor(s) prior to incarceration. Potential visitors who are not members of the inmate's immediate family will be subject to an NCIC check. This check will be completed prior to any visiting. The Warden's approval must be obtained for exception to this rule. This rule applies to all inmates regardless of the institution's security level. Once the inmate visitor is approved for visits, the Unit Team will give the inmate the following attachments to mail to his requested visitors:

- Attachment A: Transportation Assistance
- Attachment B: Visiting Rules and Regulations
- Attachment C: Health Letter to Visitors
- Attachment D: Visiting Room Procedures

3. Procedures For Disapproving Proposed Visitors. If the Front Lobby Officer feels there is any type of discrepancy or any questionable issue with a proposed visitor, he/she will contact one or more of the following staff members; Operations Lieutenant, Institution Duty Officer (IDO), and Unit Team Members, as applicable, to make the determination if the visitor will be allowed entrance into the institution. These staff members will assess the situation, review any applicable documentation and/or identification, make the final determination and inform the visitor of the final decision.

4. Inmates in admission, pretrial, and holdover status will be afforded the same visiting privileges as designated inmates.

5. The Joint Commission on Accreditation of Healthcare Organizations (JCAHO) requires that measures be taken to control and prevent the spread of disease among patients, staff, and visitors. A letter (Attachment C) has also been created to warn visitors of the potential negative impact they could have while visiting inmates. Receipt of this information will confirm approval of visiting privileges.

6. Ordinarily, approved visitors and visiting lists of inmates who transfer to Rochester from other BOP facilities will be approved. It will be the responsibility of the unit team to review the visiting lists with each inmate at each team meeting.

b. Additions to and Deletions from the Visiting List: When an addition or deletion is made to a visiting list, the Correctional Counselor will ensure these changes are entered in the central file and Visiting Program. Visiting lists will be limited to a maximum of 20 people.

c. Visiting Facilities: This is an Administrative Institution and thus visiting for inmates is always inside the secure perimeter, primarily in the Visiting Room; however, unique situations allow visiting to occur in areas other than the Visiting Room.

d. Visiting Times: Social visits are scheduled Thursday through Monday from 8:15 a.m. to 3:00 p.m. and on federal holidays. Visitors will normally not be permitted entrance after 2:30 p.m.

e. Searching of Visitors: Staff members may require a visitor to submit to a personal search, including any items of personal property, as a condition of allowing or continuing a visit. All visitors will be required to successfully pass through the walk-through metal detector. In the event this is unsuccessful, a hand-held metal detector will be used. Should the visitor still be unable to successfully pass screening, the Operation's Lieutenant will be contacted for further assistance. Under no circumstances will a visitor be allowed admittance into the institution until he/she has successfully passed the metal detector(s). Only the Warden can authorize the visual search of a visitor.

f. Frequency of Visit: To help reduce overcrowding in the visiting room, each inmate is allotted 16 visiting points per month. During weekday visits, excluding holidays, one point per visit will be assessed. On weekends and holidays, two points per visit will be assessed.

g. Persons with Prior Criminal Convictions: The existence of a prior criminal record does not preclude visiting privileges; however, staff will carefully review such a request, keeping in mind the nature, extent, and date of the conviction(s). Approval of the Unit Manager is required in such cases.

Prior to placing an individual who is on Probation, Parole, or Supervised Release status on an inmate's visiting list, staff shall ordinarily obtain written authorization approving the person for such visitation from the appropriate Probation/Parole Officials.

h. Special Visits: Unit Managers are granted authority to approve special visits. An inmate desiring a special visit shall submit to the unit team an Inmate Request to a Staff Member form at least one week prior to the anticipated visit. Except as specified, the conditions of visiting for special visitors are the same as for regular visitors.

I. Attorney Visits: Attorney visits will be conducted in accordance with the Program Statement regarding Inmate Legal Activities. The Attorney must display positive identification that he/she is a licensed attorney, i.e., both a current Bar Membership and a valid driver's license. Attorneys will be required to sign the Attorney's Visitor Log in the Front Entrance. Attorneys not able to visit during regular established hours are required to make an appointment for the visit with the Unit Team to ensure staff coverage is available. Ordinarily, supervision will be provided by the appropriate Unit Team.

There is no restriction on the number of attorney visits since this is dependent upon the nature and urgency of the legal situation. Attorney visits are not included in the point system for visiting. Attorneys will be required to clear the metal detector prior to admission into the Visiting Room. Attorney visits will be conducted in the Visiting Room and/or the private conference room located in the Visiting Room. If there is a question as to the identity of any Attorney or his representative; i.e., Paralegal, Law Clerk, etc., the Institution Attorney/Advisor should be consulted.

j. Business Visitors. Except for pretrial inmates, no inmate is permitted to engage actively in a business or profession. An inmate who was engaged in a business or profession prior to commitment is expected to assign authority for the operation of such business or profession to a person in the community. Even though the inmate has turned over the operation of a business or profession to another person, there may be an occasion where a decision must be made which will substantially affect the assets or prospects of the business. In such cases, the Warden may permit a special visit.

k. Consular Visits. When it has been determined an inmate is a citizen of a foreign country, the Warden must permit the Consular Representative of that country to visit on matters of legitimate business.

l. Pastoral Visits: The Chaplains are authorized to approve clergy members visits to inmates. These pastoral visits will be held in the Visiting Room. If approved, the Chaplain will be responsible for preparing a memorandum detailing the visitor's name, date, and any special conditions, if applicable. An inmate may only have one minister of record on his visiting list at a time. There is no restriction on the number of pastoral visits. Pastoral visits are not included in the point system.

m. Prisoner Visitation and Support (PVS): Prisoner Visitation and Support is an interfaith coalition of 35 national religious bodies and allied groups which provide a visitation service to persons confined in U.S. Federal Prisons. PVS visitors are approved by the Warden and the Regional Director.

The PVS visitor will make arrangements through the Religious Services Department for visits to be scheduled with each PVS related prisoner. PVS visitors are not on prisoner visiting lists, nor are their visits charged against allowable prisoner visits. Paper and writing instruments for the purpose of the PVS visitor taking notes is allowed. PVS visitors are allowed

to correspond with inmates regarding visiting schedules.

n. Identification of Visitors/Allowable Items: Staff must be able to verify the identity of visitors prior to allowing the visit. All visitors, with the exception of children under sixteen years, must display photo identification before being permitted into the institution. Acceptable means of identification include a valid drivers license, a passport, or other form of government issued identification bearing a photograph, such as a state identification card. Consular identification cards are no longer considered a valid form of identification. In questionable cases, a comparison of information, including review of the central file by the unit staff, may assist in identifying the visitor. The Front Lobby Officer will contact unit staff, the Operations Lieutenant, and the Institution Duty Officer (IDO) to make the final determination as to whether the visit will be allowed. When count time is near (within 20 minutes), the inmate will not be sent to the Visiting Room until the count clears, unless the inmate is already on the official out-count.

o. Visitor Items: The use of cameras or recording equipment without written consent of the Warden is prohibited. Documents or papers will not be brought into the Visiting Room without the approval of the unit team. Visitors may not bring toys, cards, billfolds, wallets, purses, paperwork, keys (except visitor locker key), food items, beverages, baby carriers, car seats, cradles, lipstick, chapstick, hair brushes, combs, lotion, newspapers, magazines, writing instruments, tobacco products, matches, lighters, cellular phones, pagers or other items identified by the Lobby Officer, into the institution, with the following exceptions: (Attachment D)

1. Visitors with small infants will be allowed to retain a small diaper bag with one small receiving blanket, one jar of unopened baby food, one bottle of infant milk or formula, one small plastic container of baby wipes, and three diapers to be used during the visit.

2. A clear plastic 5" x 7" coin purse is allowable. Funds totaling \$20.00 (\$1.00, \$5.00, and coin denominations) per adult visitor are also allowed. Items brought in will be inspected by the Visiting Room Officer. Diaper bags, coats or questionable items should be checked through the x-ray machine.

3. Inmate visitors who have medication in their possession and require use of medication while visiting will be allowed to place sufficient medication in an envelope and seal the envelope. The remaining medication will be left at the Front Entrance. The envelope will be carried by escorting staff to the Visiting Room Officer. The Visiting Room Officer will supervise the use of any medication needed from the envelope. Any medication left after the visit will be carried by escorting staff to the front entrance for return to the visitor.

p. Visitor Dress Code: All visitors must wear appropriate clothing, undergarments, and shoes in order to be permitted to visit. Visiting privileges will be denied if any of the following items are worn: tight clothing; spandex/lycra clothing; leggings; tank top or sleeveless shirts; any clothing with holes; any transparent clothing; mini skirts; and short short-pants (defined as shorts that are above the lower thigh).

q. Inmate Entrance/Exit Procedures: Inmates being processed into the Visiting Room will be positively identified by photo before the visit begins and again when the visit is terminated. When many visitors leave at the same time, e.g., termination of the visiting hours, the Visiting Room Officer will identify all inmates and the visitors will then be permitted to leave the Visiting Room. Inmates will be pat searched upon entering the Visiting Room

and will be given a strip search when leaving the visiting area. The hand held metal detector will be used in conjunction with the pat and visual searches.

r. Number of Visitors and Length of Visits: Due to the size of the visiting room, capacity being 125 total inside/outside, visitors will be limited as follows:

1. Immediate family (mother, father, spouse, children, step parents, foster parents, and siblings) will not be limited in number except when overcrowding becomes a problem. In those cases, no more than five (5) immediate family members will be allowed to visit.

2. Visitors under the age of sixteen (16) must be accompanied by a responsible adult. Children must at all times be under the direct supervision of an adult during the visit.

3. In the event the Visiting Room becomes overcrowded, frequency of visits and distance traveled by the visitor will be considered first in determining who will be the first to have their visit terminated.

4. Communal visiting (visiting with a number of people who are not immediate family), will not be authorized unless prior written approval is given by the Warden.

s. Special Procedures for Hospital Patients: The following rules apply to those inmates housed in the institution hospital:

1. All ambulatory patients will proceed to the main institution Visiting Room for visits.

2. Those non-ambulatory patients who require staff assistance will be escorted to the Building 10 Visiting Room via wheelchairs.

3. Special visits in the institution hospital, Building Nine, will be arranged as necessary by the unit team. The primary physician, MDO, or nursing staff will be consulted prior to a bedside visit being approved. The family of the inmate must contact the Unit Team for scheduling of such visits.

4. In most cases, a two hour time limit will be imposed for hospital visits, and on only two consecutive days. The length of visits are contingent on the inmate's medical status and what the inmate's physical condition can tolerate.

5. Children 16 years of age or older will be permitted into the hospital; only in terminal or special circumstances will younger children be allowed (upon approval of the unit team and the Warden).

6. All visiting in the hospital will be confined to single patient rooms.

7. Supervision of hospital visits ordinarily will be provided by the unit staff. Further supervision will be supplemented by other departments if needed.

t. Visiting Regulations in Community Hospitals: Normally, visits to inmates should take place at the institution. Inmates and their visitors are to be encouraged to arrange visitation prior to and after downtown hospitalization. Downtown hospital visits should generally be only for patients in serious or critical conditions. In these instances, the unit team

shall route a request for visitation through the Captain and Associate Warden (Medical) for approval by the Warden. Authorization for visiting will normally be for two to five days for a two hour time period each day during the hospital's designated visiting hours. Inmates in intensive care may be reviewed for longer visits. Authorized visitors will be limited to immediate family members only. The Clinical Director or designee will be consulted prior to granting visiting privileges for any inmate. The staff at community hospitals may also be consulted in regards to visiting, and may restrict all visiting for medical reasons. Neither Institution nor Contract Guard Service will permit visiting in community hospitals without prior written authorization from the Warden.

Visitors who will visit at community hospitals are required to report to the institution prior to visiting to ensure proper identification and screening is completed. The Front Lobby Officer will contact the appropriate Unit Team upon arrival of the visitor and then inform the visitors of the location of the inmate (hospital and room number).

u. Personal Conduct: Kissing and embracing is permitted upon entering the Visiting Room at the beginning of the visit and when the visit is terminated. Limited physical contact is necessary to control the introduction of contraband and behavior which may be offensive to other visitors; therefore, no personal contact other than holding hands is permitted at any other time. When the conduct of an inmate and/or visitor becomes indecent, loud, profane, or affects the general good order of the Visiting Room, the Visiting Room Officer may issue a warning. If the misconduct is of a serious nature, the Visiting Room Officer may terminate the visit upon approval of the Operations Lieutenant. Misconduct may result in visiting privileges being restricted.

v. Food: No food items are allowed to be brought into the visiting room by inmates or their visitors with the exception of baby food, milk, and formula for babies. Food items may be purchased from vending machines in the visiting room.

w. Inmate Dress and Allowable Items for Visiting Room: Inmates must wear institution issued dress clothing (khakis) while visiting. Green fatigue clothing will not be authorized in the Visiting Room. A shirt must be worn over T-shirts or tank tops. Standard shoes must be worn. Sneakers are allowed with an idle slip. No house slippers or thongs will be allowed. Inmates and their clothing will be clean and neat. A plain wedding band may be worn and a religious medal with necklace, no other jewelry will be authorized.

Inmates will be allowed to take a comb and handkerchief into the visiting room. No documents, legal papers, etc., may be taken into the visiting room by inmates unless approved by unit staff prior to legal visits. If such a need arises, inmates will contact their unit team and any such documents, if approved, will be taken into the Visiting Room by a member of the inmate's unit team.

x. Transportation Assistance: To assist visitors in locating the institution and public transportation numbers for transit, information will be posted in the visiting area and will be published in the visiting regulations, which will be sent to prospective visitors by the inmate.

Visiting on the weekend days and all federal holidays will count as two visiting points. Each inmate is responsible for obtaining unit team approval for prospective visitors.
3. At times, it may become necessary to limit visits due to overcrowding. When overcrowding conditions exist, visits will be terminated starting with the distance traveled and frequency of visits being considered first. Visiting may also be terminated because of institutional emergencies and improper conduct by inmates or visitors.
4. Embracing and kissing as a greeting or farewell is permitted within the limits of acceptable conduct upon arrival and departure of visitors. Other than holding hands, no other personal contact is permitted. When continued intimacy occurs throughout the visit, the visit may be terminated. It should be noted when a visit is terminated due to unacceptable conduct, inmates may receive disciplinary action.
5. Number of Visitors and Length of Visits: Due to the size of the visiting room, capacity being 125 total inside/outside, visitors will be limited as follows:
